<sup>1</sup> As with Individual dues, these determinations are self-selected, and WLA does not collect organizational expenditure or budget information.

<sup>2</sup> **Public libraries:** "Operating expenditures" as defined in the WA Public Library Statistics (exclusive of construction and one-time funds).

**Academic libraries:** "Operating expenditures" shall be understood to mean library expenditures—salaries and wages, information resources, and operating expenses—as defined in the Academic Library Survey (formerly known as IPEDS) submitted for Academic Libraries, a publication of the National Center for Education Statistics.

**Other libraries:** Please consult your finance department or administration to determine your operating expenditures.

<sup>3</sup> These Organizational member types may select their own dues level, based on being a small or large organization. WLA general defines a small organization as having five (5) or fewer employees or members.
