## Lesson Plan: The Secret to Becoming a Millionaire

### *Money Math: Lessons for Life*

#### Lesson 1

### **The Secret to Becoming a Millionaire**

---

**Lesson Description**

Students learn how saving helps people become wealthy. They develop “rules to become a millionaire” as they work through a series of exercises, learning that it is important to: (1) save early and often, (2) save as much as possible, (3) earn compound interest, (4) try to earn a high interest rate, (5) leave deposits and interest earned in the account as long as possible, and (6) choose accounts for which interest is compounded often. This lesson assumes that students have worked with percents and decimal equivalents.

---

**Objectives**

Students will be able to:

1. define saving, incentive, interest, and opportunity cost.
2. solve problems using interest rate, fractions, decimals, and percentages.
3. calculate compound interest.
4. explain the benefits of compound interest.
5. explain the opportunity cost of saving.
6. describe a savings bond investment.

---

**Mathematics Concepts**

percent, decimal, data analysis, number sense, solving equations, problem solving

---

**Personal Finance Concepts**

interest, interest rate, compounding, wealth, saving, savings, inflation, purchasing power

---

**Materials Required**

- copies of Activities 1-1 through 1-5 for each student
- transparencies of Visuals 1-1 through 1-7
- calculator for each student
- computers

---

**Time Required**

4 - 6 days

---

## To Pay the Price

This lesson introduces students to online banking and electronic methods of payment through a quiz show role play. It explains security measures available to consumers as they use the internet for banking transactions. Students learn how businesses and government use electronic payments and how the Federal Reserve System helps process these payments.

---

**Grade levels:** 6-8

---

**Content keywords:** debit, credit, online banking, electronic payment, encryption, identity theft, role play, pin number, direct deposit, automated clearinghouse ach, financial services

---

**Key Concepts:** Banking, Federal Reserve System, Credit, Saving and Investing

---

**Resource type:** Lesson Plans

---

**Time requirement:** 30-60 minutes
