**Alki July Issue — Call for Papers**

Submit your articles and milestones for the July issue of Alki! The Alki Editorial Committee wants to hear from all library types and from all library workers, including students, staff, and those new to the profession!

While libraries have a unique mission, we also face the same challenges and
successes that any workplace does. This issue, entitled "You Are Not Imagining It," invites reflections and contributions on experienced organizational culture, including vocational awe, imposter syndrome, and more. It asks:

- What workplace experiences are on your mind?
- How does the library figure in the public imagination these days?
- How is instruction/programming/assessment (etc.) different now from when you finished graduate school?
- What do you do to battle exhaustion and low-morale experiences? How are you/are you being supported by your workplace?
- How do others' and your own ideas of the LIS profession inspire support or create friction when it comes to your workplace culture, career trajectory, and aspirations?
- What formal, anecdotal or experiential studies have you conducted on workplace culture and organizational management in your area of work?

This journal is by and for members of the Washington State library community and is meant to reflect your experiences. As always, we are happy to consider articles that are not related to the theme but are of interest to the WLA community. Please find instructions here and send your article to alkieditor@wla.org. Johanna Jacobsen Kiciman, the editor of Alki, is happy to discuss ideas and expectations with you as well.

**ScLD & CAYAS Roundtable: Summer Reading**

Register here! The questions we'll be focusing on are:

- What worked/didn't work in your last SRP year during quarantine?
- What unknowns did you discover from your experiences?
- What do you anticipate will be your greatest challenge this year?
- What are you excited about implementing this year?
- How can school and public librarians support each other through coordinating summer reading activities?
- Any other questions are also welcome to discuss!
